Manamaiju, Kathmandu,

PROFESSIONAL SUMMARY

In past years, I have done many projects that include front-end development work. so, I have gained great experience in front-end development which makes me pro-like in front-end development.

SKILLS

- web designer
- MYSOL
- java
- c
- python
- knowledge of blender and unity

EXPERIENCE

Web Designer, one time worker, Aug 2020 - Sep 2020, Kathmandu.

The project was led by my elder cousin. He is a full-stack developer. In that project, my role was to design web apps according to design. I used a mobile-first responsive style to develop web pages.

EDUCATION

BSC (hons), Software developer Herald College Kathmandu – Kathmandu

This college is London university affiliated and time schedule is rough in this college. I am currently studying. my lost semester remains to be complete. have done many projects with frontend development
